### Additional Information

Atticus is a true patriot, he scored the highest with a cuteness overload of 177.6. This was possible through the power of history when the US was born through its independence in 1776 (high probability Atticus was the one to sever all connections to the British).

### Additional Information

Although floofer70Y regrettably had the lowest cuteness overload score alongside some other 'dogs' (some are not dogs at all!), floofer70Y is also a master of disguise and for that alone deserves a new rating as the cutest \*camouflaged dog\*

### Additional Information

puppo26C is a Toronto dweller (6ix represent!!) and a cute one at that. Those lovable and piercing eyes might have not gotten puppo26C the highest cuteness overload score, but it sure did get him the most favoured dog trophy.

\* in reality, puppo77C has the #1 spot for favourite likes but as all dogs know, it's best to share the spotlight when you're already winning

### Additional Information

Although Harry didn't make the cut for the latest Dumbo movie, one can assume his tweet had lots of likes and retweets. Unfortunately, the tweet is no longer valid so we'll never know for sure. But we'll always know Harry is a cute flying ears doggo.
